

SEASON 2024

WHO AM I?

My name is Marie, but I'd be very happy if you call me May. I'm 27 years old, and I graduated from college with a focus on economics, but I ran away from that to pursue photography. In my work, I specialize in relaxed, intimate, natural weddings, but I'm not afraid of grand celebrations and urban elopements. I love good coffee, the scent of the forest, foggy days, the crackling of wood in the fireplace, Nordic countries, film cameras, my two cats, and my wolf-dog Luna. I'm not intimidated by any weather; my biggest studio is nature. I'll be there for weddings in the middle of the forest or on top of a mountain. I'll go anywhere for love!

MY WORK

I believe it's essential for a photographer to not only connect with you on a personal level but also align with your style. Every photographer perceives weddings differently, subconsciously focusing on different details and working with light in their own unique way.

My wedding photography ranks among the Top 30 in the Czech Republic according to the international portal MyWed.

I have covered dozens of weddings, not only in our country but also abroad. I also have experience with multilingual weddings.

Our session must be enjoyable above all else. I understand how uncomfortable it can be for some, so I won't push you beyond your comfort zone. I won't make you strike unnatural poses or flood you with harsh artificial lights during daylight. Nothing like that.

I'm a big fan of intimate weddings with a relaxed atmosphere within a close-knit family circle, events that you plan according to your preferences. A ceremony in a meadow or deep in the woods, sitting by a bonfire – that's a dream for me! I can find the same unique magic in city weddings or at castles and chateaus.

Trends in wedding photography are constantly changing, and I try to keep up with them while staying true to my style. My post-processing doesn't drastically alter photos. I aim to preserve colors, enhance what needs to be highlighted, and soften distracting elements. I'm not afraid of black and white photography, which can emphasize what's most important – emotions.

WHAT TO EXPECT LATER?

Your date is reserved once a deposit of 25% of the package price is paid. For the "Off season" package, the deposit is 50%, similar to couple and family photo sessions. I kindly request the remaining balance to be settled no later than a week after the full wedding photography session.

I individually sort and edit your photos, aiming to deliver them to you as soon as possible, with an upper limit of 8 weeks from the wedding. Depending on your package, I also send your selection for printing so that you can enjoy your photos in your hands as soon as possible.

The day after the wedding (or a day longer in the case of consecutive weddings), I send a mini gallery of selected previews and occasionally a gallery of unique black and white moments.

In addition to prints, you will receive your photos in your own online gallery, organized into categories. You can easily share the gallery with family and friends through a link. You can also save your favorites and download each photo in high or reduced quality.

I recommend downloading and backing up the entire album. I archive the gallery for one year.

GIFT PACKAGES

All the packages include a gift packaging carefully assembled for you. It's made from the highest quality printed photos on the market and hand-selected components, creating a beautiful gift set in a rustic style.

LOOKING FORWARD TO WORKING TOGETHER!
